The Secretary, Animal Husbandry, Secretary, Higher Education, Director of Agriculture and Shri Surendra Pal Singh could not attend the meeting.

Extending a cordial welcome to the Board Members, the Vice Chancellor Prof. R.K.Patel informed that the process of selection of scientists by the Statutory Selection Committee commenced in December, 1995. He hoped that the selection process would be completed in next few months. He expressed that while a large number of selections were made in various subjects of different faculties during the past 5 months, the work continued to suffer for want of adequate man power. The situation called for the filling-up of vacant posts as soon as possible. To enable this, the Board's meeting has been called to consider the recommendations of the Selection Committee Meetings held during 6th December, 1995 - 20th April, 1996.

The Agricultural Production Secretary remarked that the State Government did not receive even a single complaint about the interviews conducted and selections made during the past five months, which only goes to show that selections were fair, objective and transparent. On this, the Board Members unanimously expressed their appreciation for all the efforts made by the Vice - Chancellor in this matter.

The recommendations of the Selection Committee Meetings held during December, 1995 - April, 1996 were then taken up one by one for consideration of the Board.
