**Agro Advisory:** Based on the weather review of last week and the weather forecast for this week, the following advice is given to the farmer.

<b>Specific advisory</b>	<p>Conserve every drop of water and moisture for future.</p> <p>Prevailing and forecasted weather conditions may increase the chances of disease and insect attack in the standing kharif crops. Therefore, regularly watch the fields to diagnose insect pest &amp; disease infestation in crops and orchards</p> <p>Inter culture operations in all crops to conserve moisture, better aeration and to control weeds.</p> <p>For the control of sucking pests (jassids, white fly, thripsetc) in guar and pulses, spray acetamiprid or thiamethoxam @ 3 g/10 litre water. Apply remaining dose of nitrogen in standing cotton, bajra and fodder crops with rains.</p>
--------------------------	---

Crop	Stage	Details	Agro Advisory
Groundnut	Branching	Yellowing management	Spray 0.5 percent ferrous sulphate and 01 percent citric acid when symptoms of yellowing appear in the standing groundnut crop.
		Disease management	Prevailing and forecasted weather conditions may increase the chances of tikka disease in groundnut. Therefore, farmers are advised to spray of Mencozeb or Chlorothalonil @ 2 gram per litre of water.
		Zypsum	At 40 to 60 DAS crop stage, apply 240 kg zypsum/ha as dust.
Guar	Vegetative	Disease management	These weather conditions may also increase the chances of bacterial leaf blight in guar crop. Farmers are advised to spray 2.5 g Streptocycline along with 30 g Copper oxychloride / 10 litre water. Repeat the spray if required.
Horticulture		Planting and irrigation	For planting new Kinnow orchards dig pits of 1m x 1m x 1m and remain open for at least 20 days at a distance of 6m x 6m. Irrigate date palm, Kinnow, orange and lemon orchards on regular interval.
Livestock		Food and Nutrition	Prepare and fed protein rich high nutritive urea – molasses bricks as per the guidance of registered veterinarian
		Diseases	Looking the weather condition vaccinate the domestic animal against Foot and Mouth Disease, Black Quarter and Hemorrhagic Septicemia
